

Don't Be An Anonymous Volunteer!

As we move to our new volunteer management system, it is important to make a change to your profile so you're not anonymous. Without this change, other volunteers can't see that you're assigned to a shift, making it nearly impossible to swap shifts or connect with friends.

The process is simple!

Log in to Better Impact at app.betterimpact.com/Volunteer/Main. On your Home page, select the **MY PROFILE** drop-down menu and select **Contact Information**.

Scroll down and on the right side you'll see a box labeled **Privacy Setting for the Schedule**. Make sure all three boxes have been checked, and then press **Save**.

Privacy Settings for the Schedule

- I want other volunteers to be able to see my name in the list of scheduled volunteers.
- I want my last name included.
- I want my photo included.

That's it! You've included your information in the schedule, so you're no longer an Anonymous volunteer. Do this ASAP - don't forget! - so that other volunteers can see you in the schedule.
